PT. Arcomindo Sistem Teknik merupakan perusahaan penyedia solusi sistem hidrolik, hose assembly, pneumatic equipment dan otomasi industri yang profesional dan berpengalaman.

Kami memiliki range produk dan layanan yang lengkap dan siap menjadi solusi terdepan bagi kebutuhan sistem otomasi di industri Anda

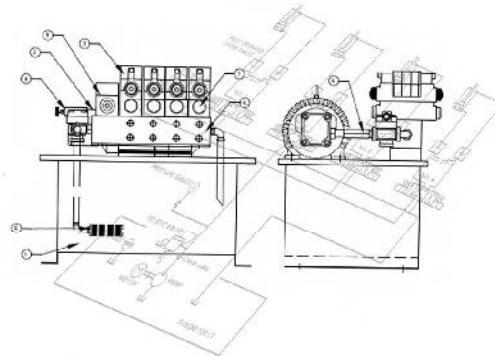

PT. Arcomindo Systems Engineering is a professional and experienced solution provider of hydraulic systems, hose assembly, pneumatic equipment and industrial automation. We have a complete range of products and services and ready to be a leading solution for your industrial automation system needs.

Solusi Total Oil Hydraulic Fluid Connection

Kami berkomitmen untuk menyediakan solusi lengkap dalam bidang konektivitas oil hydraulic, mulai dari perencanaan dan desain sistem, suplai produk, perakitan, pemasangan, semuanya diberikan oleh tenaga profesional.

Total oil hydraulic fluid connection solution

We committed to provide a complete solution for oil hydraulic connectivity from planning and system design, products supply, assembly, commissioning, all delivered by the professionals.

Range Produk yang Lengkap

Range produk hidrolik (Hose, fitting, components, etc.) dan produk pneumatic yang sangat lengkap dan berkualitas handal, untuk menjadi solusi terdepan dari semua kebutuhan Anda.

Full range of Products

Very complete hydraulic (Hose, fitting, components, etc.) and pneumatic products range with reliable quality, to become the leading solution for all your needs.

Waktu Pengiriman yang Dapat Diandalkan

Kami memiliki workshop dengan mesin dan peralatan memadai untuk melakukan assembly cylinder, power pack, hose assembly dan dock leveller / table lifter, serta memastikan waktu pengiriman yang singkat dan dapat Anda andalkan.

Reliable Delivery Time

We have workshop with adequate machines and tools to assembly cylinders, power packs, hose assembly and dock leveller / table lifter. Ensuring short and reliable delivery time.

Our Specialty

Konsultasikan kepada kami kebutuhan otomasi Anda, kami akan desainkan solusinya sesuai dengan kebutuhan Anda.
Consult your automation needs to us, we will design the solution after your needs.
